

PowerHouse/WMS is the most flexible and comprehensive Third Party Logistics WMS solution available. Unique in its design by Third Party Logistics Industry Leaders for their operations; PowerHouse features industry specific functionality that can be configured to meet your clients requirements without the need for modification. Whether your needs are simple or complex PowerHouse/WMS is the solution to manage all of your WMS activities. Standard functionality enables the management of diverse products for multiple owners, across multiple warehouses throughout your logistics enterprise.

Third Party Logistics

PowerHouse enables Logistics providers with the most advanced tools to; Collaborate, Adapt, Execute & Deliver

Collaborate
Streamline your B2B pipeline by leveraging robust integration capabilities proven to add value. PowerConnect® integration services and ePowerHouse® provide your customers with the ability to access real time inventory , order and receipt status; enter orders and much more.

Adapt
To offer the highest level of service and competitiveness, 3PL providers need the ability to adapt to new customer requirements quickly and with predictable results. PowerHouse is the adaptive solution that turns process changes into business opportunities.

Execute
PowerHouse uses efficient task interleaving to maximize productivity. Using the ability to easily configure business processes which meet customer specific requirements, PowerHouse empowers 3PL companies with a uniquely competitive advantage.

Deliver
Accuracy and on-time deliveries benchmark PowerHouse managed operations. From receipt through delivery PowerHouse streamlines warehouse operations. And the integrated TMS provides the opportunity to further optimize fulfillment and reduce transportation costs.

PowerHouse/WMS Empowers 3PL Providers with the ability to:

- SEAMLESSLY INTEGRATE CLIENTS
- MANAGE MULTIPLE INVENTORY OWNERS
- SUPPORT MULTIPLE WAREHOUSES
- ADAPT TO ANY CLIENT REQUIREMENTS
- CONTROL AUTOMATED MHE
- INTERNET PORTAL FOR CLIENTS
- TRACK VALUE ADDED SERVICES
- SUPPORT ASNs & EDI
- PROVIDE FLEXIBLE REPORTING
- MAXIMIZE REVENUES WITH COMPREHENSIVE BILLING

*More than just warehouse management
The Heart of Your Inventory, The Pulse On Your Business....*

ADVANCED TECHNOLOGY ENABLES SOLUTIONS THAT ADD VALUE
